- Bring back the nostalgic Drive-in-Movie era.

### COVID-19 Safety Plan:

To ensure we can adhere to all government regulations with respect to social distancing and to create a safe environment for our guest to enjoy, we will have the following procedures in place:

- **Online reservations** – in order to minimize contact points between guests and staff, all guests will have to pre-book online to secure their spot. Guests will have to present their confirmation upon arrival before they can enter the venue. There will be no ticket sales at the gate.
- **Limited attendance** – Capacity will be limited to 50 cars max.
- **Spaced parking** – Each car will be given 20 ft of parking space, of which they must park, as directed, in the middle of said space and will not be permitted to move once parked.
- **Limited food and beverage services** - Food and beverage will only be supplied by pre-ordered packages. Guests can pre-order their selection of food and beverages and then collect them upon arrival (not within event site).
- **PPE for all staff and volunteers** – all staff and volunteers will be required to wear face masks. This includes ticket checkers, food and beverage staff, set up and pack down crew, parking lot attendees, cleaners, etc.
- **Facilities** – Washrooms will be provided and have social distancing measures including 6 ft markings and a maximum capacity.

Note for guests; “Please follow directions given by our team at all times. Be kind and patient with one another as we try to bring the community together in a ‘new’ way”
