# BIKE PARK TRAIL MAP

# EMERGENCY PHONE: 250.423.2426

SLOW DOWN BEFORE YOU SPEED UP. Crashes can happen on your first lap. Ride the trail multiple times to get familiar with the features and equipment you're on so you can confidently push your limits without pushing your threshold. Jumping skills are required for free-ride trails.

# **PRE-RIDE**

Warm up the brain and body by inspecting the trail at low speed. Take the time to check your equipment

### **RE-RIDE**

Lap the trail a few times and get to know the flow of the feature.

# **FREE-RIDE**

Start small and work your way up to faster speeds and larger features.

**TRAILS CHANGE DAILY** 

# UNDERSTANDING BIKE PARK SIGNAGE

FREERIDE		\			
Freeride trails are machi and contain man-made f Routes may be enhancer jumps, ride-on features, narrow surfaces, wallrid and other natural or con- features. All freeride trai identified with an orange		BEGINNER Intermediate Advanced Experts only	•
