RIDE SMART

SLOW DOWN BEFORE YOU SPEED UP. Crashes can happen on your first lap. Ride the trail multiple times to get familiar with the features and equipment you're on so you can confidently push your limits without pushing your threshold. Jumping skills are required for free-ride trails.

PRE-RIDE

Warm up the brain and body by inspecting the trail at low speed. Take the time to check your equipment.

RE-RIDE

Lap the trail a few times and get to know the flow of the feature.

FREE-RIDE

Start small and work your way up to faster speeds and larger features.

TRAILS CHANGE DAILY

UNDERSTANDING BIKE PARK SIGNAGE

All routes within the Bike Park are designated by colour-coded trail markers at the start of each descent. Trails with an orange oval indicate freeride trails with man-made features and may require jumping skills. Work your way up to more advanced trails and features based on your progression, skill and comfort level.

FREERIDE

Freeride trails are machine-cut and contain man-made features. Routes may be enhanced with dirt jumps, rock berms, gaps, narrow surfaces, wallrides, berms and other natural or constructed features. All freeride trails are identified with an orange oval.

TECHNICAL

Technical trails are designed to embrace the rugged shape and terrain of the mountain, utilizing a majority of natural terrain. Routes are typically hand-built and feature organic obstacles and stunts such as rocks, roots, logs, drops, jumps & other natural or constructed features that require technical riding skills. Technical trails are identified by a black diamond symbol. Jumping skills may be required.

TRAIL RATINGS

BEGINNER Gentle riding with obstacles such as ground roots, rocks, patches and ledges. MUST WEAR HELMET & BEYOND BELT

INTERMEDIATE Challenging riding with steep drops and/or obstacles, possible to narrow trails with man-made drops and berms. These trails are not suited to jumps, drops, rocks, ledges & other terrain variations. MUST WEAR A CERTIFICATED MOUNTAIN BIKE HELMET

ADVANCED Difficult riding with a mixture of long steep descents, loose trail features, uneven terrain & man-made obstacles and berms. MUST WEAR HELMET & BEYOND BELT

EXPERTS ONLY Highly difficult riding, basic stunts that will be encountered include large man-made and natural jumps & obstacles, steep drops, elevated narrow trails, drops, rock berms & other difficult terrain variations. MUST WEAR HELMET & BEYOND BELT WITH ADVANCED TECHNICAL MOUNTAIN BIKE HELMET ONLY

JUMPING SKILLS MAY BE REQUIRED
