RIDE SMART
SLOW DOWN BEFORE YOU SPEED UP. Crashes can happen on your first lap. Ride the trail multiple times to get familiar with the features and equipment you're on so you can confidently push your limits without pushing your threshold. Jumping skills are required for free-ride trails.

PRE-RIDE
Warm up the brain and body by inspecting the trail at low speed. Take the time to check your equipment.

RE-RIDE
Lap the trail a few times and get to know the flow of the feature.

FREE-RIDE
Start small and work your way up to faster speeds and larger features.

UNDERSTANDING BIKE PARK SIGNAGE

All routes within the Bike Park are designated by colour-coded trail markers at the start of each descent. Trails with an orange oval indicate freeride trails with man-made features and may require jumping skills. Work your way up to more advanced trails and features based on your progression, skill and comfort level.

Freeride	Technical
BEGINNER (Green circle)	Technical trails are designed to embrace the rugged shape and terrain of the mountain, utilizing a majority of natural terrain. Routes are typically hand-built and feature organic obstacles and shafts such as rocks, roots, logs, drops, jumps & other natural or constructed features that require technical riding skills. Technical trails are identified by just their difficulty symbol. Jumping skills may be required.
INTERMEDIATE (Blue square)	
ADVANCED (Black diamond)	
EXPERTS ONLY (Black diamond with cross)	

TRAIL RATINGS

BEGINNER (Green circle)	Basic riding with obstacles such as gravel, roots, rocks, potholes and bridges. MUST HAVE MODERATE BICYCLE SKILLS
INTERMEDIATE (Blue square)	Challenging riding with steep crevices and/or obstacles, possibly on narrow trails with more subtle obstacles and features. These trails are not limited to jumps, drops, roots, rocks and other terrain variations. MUST BE A COMPETENT MOUNTAIN BIKE RIDER
ADVANCED (Black diamond)	Difficult riding with a mixture of long steep descents, loose trail surfaces, numerous natural & man-made obstacles and features. These include but are not limited to jumps, drops, crevices, narrow trails, gaps, bridges, rocks and other terrain variations. MUST HAVE ADVANCED MOUNTAIN BIKE HANDLING SKILLS
EXPERTS ONLY (Black diamond with cross)	Highly difficult riding. Some elements that will be encountered include large man-made and natural jumps & obstacles, steep logs, man-made narrow trails, drops, rock towers & other difficult terrain variations. EXPERT MOUNTAIN BIKERS WITH VERY ADVANCED BICYCLE HANDLING SKILLS ONLY

There may be more difficult features in the area of trails than otherwise indicated on the signage
