The Adventure

SIGHTSEEING

Stepping off the Chairlift at the top of the mountain for the first (or even hundredth) time can induce a feeling of wonder and humility as the ridgelines of the Rocky Mountains extend as far as the eye can see. With lift-assisted sightseeing, many trails at Fernie Alpine Resort are marked for easy access.

HIKING

The lift-accessed hiking at Fernie Alpine Resort offers a variety of gorgeous trails throughout our local mountain ranges for various abilities. With views that will make you want to whip out your camera at every corner, hikes range from easy (great for the whole family, including children) to advanced (for experienced hikers ready for an all-day adventure). All provide great opportunities to see a variety of native flora, wildlife, and fossils.

MOUNTAIN BIKING

Look no further than Fernie, B.C., for some of Canada's best lift-accessed mountain biking. Our 38 bike trails offer something for everyone: wide, machine-made, flowing trails for beginner and intermediate riders and challenging, steep, and technical single-track trails for advanced and expert riders.

ICE BAR

Step into the ice bar in a Helly Hansen parka and enjoy a fine selection of vodkas from a glass made of ice. An experience you'd be hard-pressed to find anywhere else. Please be sure to confirm with the Weddings & Groups Specialist if the Ice Bar will be open at the time of your wedding.
